Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing specified under section 143(10) of the Act, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the SEBI Circular CIR/CFD/CMD1/44/2019 dated 29 March 2019 issued by the SEBI under Regulation 33 (8) of the SEBI LODR Regulations, to the extent applicable.

Consolidated Notes:

- 1 The above consolidated financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and other accounting principles generally accepted in India. The consolidated financial results were reviewed by Audit Committee and approved by the Board of Directors at its Meeting held on January 28, 2022. The results for the quarter and nine months ended December 31, 2021 were subjected to limited review by the statutory auditors of the company.
- 2 The Consolidated financial results include the reviewed financial results of the wholly-owned subsidiaries Prime Research & Advisory Limited and Prime Funds Management Limited.
- 3 Amid continued COVID-19 pandemic and gradual phase out of restrictions, economic activities have started returning to normal. Employees of the Group continue to work from home. The Company believes that it has taken into account all possible impact of known events arising out of COVID 19 pandemic in preparation of financial results. However the impact assessment of COVID 19 is a continuing process given its nature and duration. The Company is continuously monitoring any material changes that may influence future economic conditions.
- 4 The Board of Directors have, at their meeting held on October 13, 2021, approved the issue of upto 45,50,000 equity shares of the Company to the specified investors, on a preferential basis at a price of Rs. 88.75 per equity share, subject to approval of the shareholders at their extraordinary general meeting scheduled to be held on November 10, 2021. The proceeds received by the company is temporarily parked in Fixed deposit with bank.
- 5 During the nine months ended December 31, 2021, the holding company has tracked and recovered certain listed shares which had formed a part of its investments. These had been misplaced and so written-off in earlier years. These shares have since been reinstated at the average cost they were carried at. The difference between the market value of such shares on the date of reinstatement and the average cost at which they have been reinstated and related expense, has been accounted for through exceptional item as the gain that has been accounted for does not pertain to this nine months ended December 31, 2021 alone. Subsequent changes in fair valuations have been shown under "Net Gain on fair value changes".
- 6 On December 17, 2021, the Group had intimated to the stock exchanges under Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 about an interim order passed by the sole arbitrator, containing certain directions against the Group, in an arbitration between two parties, having no relationship to the Group and the subsequent stay order obtained by the Group against such order. The counterparties had appealed for vacation of the stay of such order in the meantime. However, subsequently, the sole arbitrator has passed an award in terms of the said arbitration and set aside all interim orders passed therein. Accordingly, appeal filed for the stay order has become infructuous. Since the Group is not the party to the arbitration, the award passed by the arbitration is not binding on the Group and currently the matter is pending with the Dehradun Jurisdictional Court, India. Based on external legal advice obtained by the management, the Group has good merit in these litigations.
- 7 The Company has identified two business segments (i) Financial Advisory & Intermediation services and (ii) Brokerage from financial product distribution business as per Ind-AS 108. However, the segment "Brokerage from distribution business of financial products" does not exceed the quantitative thresholds as prescribed by paragraph 13 of Ind-AS 108. Hence, the entity has not reported separate information for each operating segment.
- 8 The amounts reflected as "0" in the Financial Information are values with less than rupees one lakh.
- 9 Previous quarter / period ended figures have been regrouped / reclassified, wherever necessary, to confirm to the current quarter presentation.
